

INTERNET-ENABLED STICKY NOTE PRINTER AND MESSENGER

Cubinote

For Professional
Collaboration
and Creativity

Collaborate

Print your ideas and concepts to share

Create

Generate lists, calendars, personal drawings and graphics

Carry

Road warrior notes that are accessible and immediate

Educate

Create study/speech notes, teaching lessons or graphics

The world's first web-enabled sticky note printer and messenger

Cubinote is ideal for business professionals who wish to take collaboration and communication to the next level by printing ideas, pictures, drawings and text directly from their phone.

Use multiple Cubinotes to print in multiple colors during brainstorming sessions and keep a legible soft copy for your files.

You can share Cubinote in your office so that anyone on your Wi-Fi and wireless network can print out a message, note or picture from any location in the world.

Great for professional labels, study notes, bookmarks or teaching ideas. Send study notes or homework guides home with your students, without a photocopier!
